

# FIRE UP & SUCCEED!

## The Future is Bright

Fast forward 3 years. What does your life look like personally, professionally, financially, etc.? Claim your future by stating it as a fact!

---

## Gratitude & Thanks

Celebrate the successes & show gratitude for the abundance in your life. Who can you share recognition & gratitude towards this week?

---

## Opportunities

Look out the next week, month, quarter. Where do you need to plan & prepare?

---

## People

What relationships need attention? Where can you ask for help? Who is a potential referral partner? Who is your accountability partner?

---

## Process

Pick ONE and finally fix it. Where do you or your clients keep getting stuck? Where are you wasting time? What needs to be documented so it can be delegated?
